## THIS IS YOUR OPPORTUNITY

As announced in last week's paper, the DIDSBURY SUNBURST OILS, LIMITED, has been incorporated under the Dominion Act.

THE DIDSBURY SUNBURST OILS, LIMITED, has been organized to exploit a very promising OIL LEASE in the Montana Sunburst oil field, where there are already at this date 445 PRODUCING OIL WELLS, and 28 producing gas wells. This lease was selected personally by two of the directors of our Company who most enthusiastically recommend it.

THE DIDSBURY SUNBURST OILS, LIMITED, was incorporated with but one idea in view: to make money for the Company out of our natural resources. This project is not a scheme to exploit the public for

the benefit of a promoter or a group of promoters, but it is a honest attempt to give Canadians an opportunity to share in the wealth that will be derived from the development of our oil resources.

If Canadians expect to profit through these rich resources they must expect to help develop them. Think it over and call, telephone or write for a prospectus. You will be convinced that THE DIDSBURY SUNBURST OILS, LIMITED represents just the kind of investment that is attractive to you: sane, as conservative as possible, and amazingly promising.

Our directorate and members of the company are recognized as outstanding public and careful business men of the town of Didsbury. They ask your careful consideration of this proposition.

## Garnet Wheat Shipped This Winter.

The following letter, which is self-explanatory, has been received by Mr. M. Weber, of Didsbury:

Dear Sir:

Re Garnet Wheat

We are now able to announce that Garnet wheat will be put on the market this winter at \$3.00 per bushel, F.O.B. shipping point-sacks included. The points from which shipment will be made will be one of the following: viz: Morden, Man., Swift Current, Sask., Lethbridge, Alta., Lacombe, Alta., Scott, Sask., Rosethorn, Sask., Beatty, Sask., and possibly Brandon, Man. The amount available for each applicant has had to be reduced to 1 bag of 2 bushels.

For the benefit of some of those to whom this circular will be sent, and who have asked for further information re this new variety, we submit the following statement:

Garnet is an awnless variety of hard, red, spring wheat which matures from 6 to 10 days ahead of Marquis, depending on the location. It is not resistant to rust, but often may escape a late epidemic of this disease by reason of its earliness. It is fairly strong in the straw, although hardly the equal of Marquis, as a rule. Under very dry conditions the straw usually attains a greater length than does Marquis, whereas under the reverse conditions, it does not seem so inclined to produce a rank growth. The kernel is usually a little smaller than that of Marquis, and for this and other reasons, we recommend for this year at least, that Garnet be sown at 1 bushel per acre.

The above variety has not yet been accepted for registration as a result of which no Garnet can grade higher than No. 1 Seed at present. This grade does not require, and is not receiving, special inspection by Dominion Seed Branch Officials before being shipped.

The seed offered this year is of fair quality in most cases, although one or two lots may be rather disappointing on account of leanness of kernel. The vitality of all lots, however, is very good so that we believe that all the seed now available will be sufficiently good to give at least a very fair idea of the suitability of the variety where grown.

The variety is still in the experimental stage so we ask all purchasers to co-operate with us in our efforts to collect as much reliable data as possible re its performance this year. Special report forms for this purpose will be sent each purchaser during the early summer.

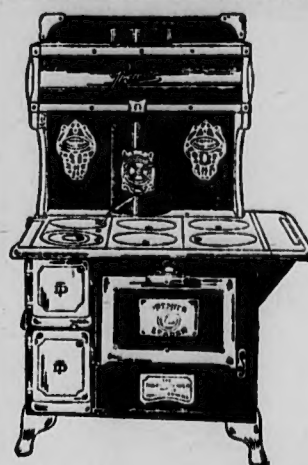

We enclose herewith a special order form which explains itself. If you desire to purchase 2 bushels of this wheat, please fill out the form and attach your Money Order for \$6.00 thereto. This Order Form, you will note, is to be returned to this office (Cereal Division, Experimental Farm, Ottawa) as the entire distribution of Garnet this year is being looked after from here.

Orders received here after date of expiry indicated on bottom of Order Form cannot be considered.

Yours very truly,

L. H. Newman,  
Dominion Cerealist.

The Montana Oil Journal of February 13, gave an account showing that the Dakota Montana Oil Company brought in a 3000 barrel well per day, also the Homestake Oil Co. brought in a well the same week with a flow of 2800 barrels per day.

These two wells are just a mile north of the Didsbury Sunburst Oil Company's holdings and it has extended the flowing wells one half mile nearer to their property on the north side.

The above shows that the pany's lease is well within the producing area as their is also four producing wells about one quarter of a mile from their lease.

## All's Well With Mountain View

There was a good attendance at the annual meeting of the Municipal district of Mountain View held at Olds on Saturday last, and from the discussion which ensued it is evident the ratepayers are taking keen interest in the work of the municipal council.

The financial statement read at the meeting evoked much favorable comment and resulted in the council being congratulated upon the financial condition of the district. In this connection it may be added the work for the whole year was financed without recourse to borrowing, the interest thus being kept to the minimum.

Nomination for councillors for the ensuing year have brought out John A. Dodd and Thos. A. Leach in Division 4, and this will be the only division having an election.

In divisions one, two and three, the councillors will be the same as last year, viz., P. Saunders, H. E. Pearson and W. J. McCoy.

In division six W. E. Finn has been elected by acclamation, and in division five B. C. Trimble goes in also without opposition.

### WORLD HAPPENINGS BRIEFLY TOLD

Countess Maria Rentzau, only daughter of Blismarek, the Iron Chancellor, died at Kiel, Germany, aged 77.

The funeral of the late Count T. Kato, former premier, who died in Tokio, took place with Buddhist rites. The body was cremated.

Those who ride in taxicabs or horse cabs and refuse to pay their fares face jail sentences under the provisions of a bill adopted by the French Chamber of Deputies.

King Boris, of Bulgaria, in celebration of his thirty-first birthday, commuted the death penalty against ten persons accused of plotting against the state.

A delicious fruit, hitherto unknown to the civilized world, has been discovered in the Tree Marias Islands, off the west coast of Mexico. The fruit somewhat resembles the ordinary olive in size and color.

By royal decree there are to be Sunday meetings throughout Spain at which city officials must expound to adults of both sexes the principles of citizenship, public health and other matters.

Creation of a royal Indian navy as a combatant force and reconstruction of the Indian mercantile marine were announced by the retiring viceroy, Lord Reading, to the council of state at Delhi.

The material value of a glimpse of the sun in London was \$150. A group of Londoners, tired of the gloomy weather, went to the Croydon Aerodrome. A meteorologist expressed the opinion that the cloud bank was not more than a mile deep. They rented an aeroplane and sunshine, in unmitigated brilliance, was found at 6,000 feet.

### Pain In The Muscles, Stiffness In Joints, Quickly Subdued By Nerviline

Those who have tested out numerous liniments will agree that where something is needed to dislodge a deep-seated, more or less chronic condition there is nothing to compare with Nerviline. It's because Nerviline penetrates so deeply, because it has about five times the strength of the ordinary oil preparation. It has come to be known as **King over all Pain**. For Rheumatic conditions, muscular and joint stiffness, Nerviline works wonders. A trial proves this. Get a 25 cent bottle from your dealer to-day.

#### New Cause For Ex-Kaiser Hate

A book about the ex-Kaiser, by Emil Ludwig, just published in Germany, finds a new cause for the War Lord's hatred of Britain. As is generally known, the ex-Kaiser has been afflicted from birth with paralysis of the left arm. This, according to the book, he attributed to the fact that at his birth his mother was under the care of a British physician. For this deformity he never forgave either his mother or the physician whom she brought over from London to attend her.—Glasgow Herald.

### Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes:—"I suffered from palpitation of the heart and fainting spells, and, at times, I could not be left alone I was so nervous."

My trouble was caused from over-work and worry, having been left alone with a large family.

I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

These Pills are for sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### No Longer National Symbol

The great American apple pie is no longer a national symbol, if a recent pie contest held in Washington Valley, N.J., is a criterion. With a judge, lawyer, merchant, millionaire and policeman acting as judges, the housewives of the district presented every known pie for judgment, and when the awards were announced, not one prize had been given to the maker of an apple pie. First prize went to the creator of a creamy coconut pie.

### "DIAMOND DYES" COLOR THINGS NEW Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

#### Paris Sanctions Straight Lines in Jumper Costumes

Made two-piece fashion this jumper costume is smart for sports or business wear, with its convertible collar and, of course, long sleeves. The long tie—made of material to match the collar and cuffs—passing through a slot seam contributes a smart note. The skirt is joined to a body lining, and an inverted plait at each side seam affords the fashionable flare. The blouse, No. 1038, is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 bust requires 2 1/4 yards of 36 or 40-inch material. The skirt, No. 1248, is in sizes 34, 36, 38, 40, 42 and 44 inches bust. Size 36 bust requires 1 1/2 yards 36 or 40-inch material, with 7/8 yard lining for bodice top. Price 20 cents each pattern.

Every woman's desire is to achieve that smart, different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centres and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

### ON THE AIR

What is Doing in the World of Radio

If he listens through one programme instead of jumping from station to station, he has had the set at least a year.

Request numbers on the radio would be all right if it were possible to get any action by requesting them to stop.

With all the popularity that radio has received in this country and in Great Britain, South Africa and Australia won't have it. Broadcasting has been attempted in those countries, but given up for lack of public interest.

It has been held that broadcasting station operators cannot possibly interfere with distress signals and for that reason they will not be required to keep silent in the future when an SOS call is heard. For this reason station operators will not be required to know code in the future.

### She Took Them Twenty Years Ago So Says Mrs. A. Demers of Dodd's Kidney Pills

She Had Suffered From Lumbago and Indigestion and Found Relief in Dodd's Kidney Pills.

Ottawa, Ont.—(Special).—"Twenty years ago I was very sick with indigestion and lumbago," states Mrs. A. Demers, who lives at 520 Clarence St. "I had seen many doctors and nothing seemed to relieve me. I started taking Dodd's Kidney Pills. After three months I noticed a great change and at the end of the year had no pains at all. Since that time, if I feel a pain or even a tiredness in my back I take Dodd's Kidney Pills and get better. I highly recommend your pills which should be taken continually until relieved."

Dodd's Kidney Pills make healthy kidneys. Healthy kidneys strain all the impurities, all the poison out of the blood. They are the greatest of all tonics. Give them a trial at once. They can be obtained from all druggists.

#### Telephones In Canada

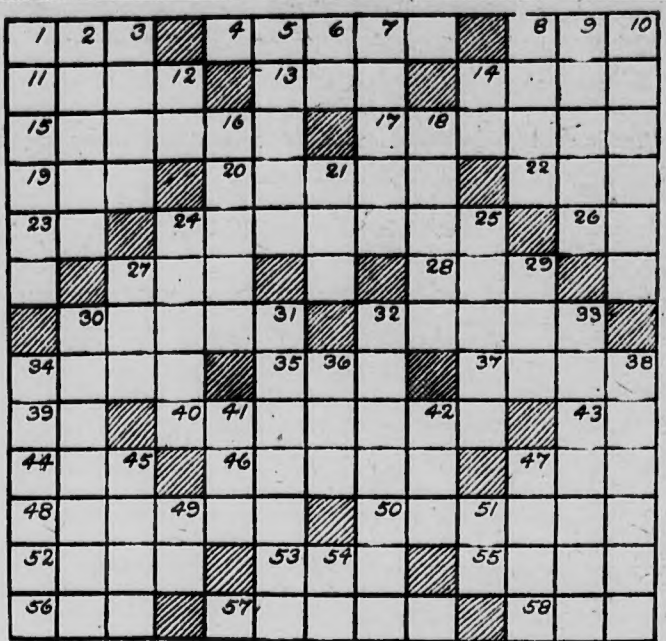

In 1911 there were only 300,000 telephones in Canada. By 1921 there were 500,000 phones, and at the end of 1924 there were 1,072,450 telephones in the Dominion. The increase in the number using telephones ranks next to the growth of the automobile.

#### WELL-MERITED SUCCESS

A distinguished citizen, honored politically and professionally, Dr. R. V. Pierce, whose picture appears above, made a success few have equalled. His pure herbal remedies which have stood the test for many years are still among the "best sellers." Dr. Pierce's Golden Medical Discovery is a blood medicine and stomach alterative. It clears the skin, beautifies it, increases the blood supply and the circulation, and pimples and eruptions vanish quickly. Beauty is but skin deep and good blood is beneath both. For your blood to be good, your stomach must be in condition, your liver active. This Discovery of Doctor Pierce's puts you in fine condition, with all the organs active. Ask your nearest druggist for Doctor Pierce's Golden Medical Discovery, in tablet or liquid form, or send 10 cents for trial package of tablets to Dr. Pierce's Laboratory in Bridgeburg, Ontario.

#### JESUS RAISES LAZARUS FROM THE DEAD

Golden Text: I am the resurrection and the life; he that believeth on Me, though he die, yet shall he live. John 11:25.

Lesson: John 11:1 to 12:11.

Devotional Reading: I. Cor. 15:50-58.

#### Explanations and Comments

The Sisters at Bethany Send For Jesus, verses 1-3.—What John tells us in regard to the friendship of Jesus for the little family at Bethany, Lazarus and Martha and Mary, gives us a beautiful insight into his tender and loving heart. What beautiful trust lies in the few words which the sisters sent to Jesus when their brother fell ill—"He whom thou lovest is sick!" How can we remain long in such anxiety when we have such a Friend as thou art? they seem to say. They do not send word that He must come at once. They make no claim upon Him. They simply lay the matter in His hands. That is fine!

"They asked Jesus to come and change things that needed changing. I can think of no better definition of prayer than that. They sent for the Master—which was the keenest thing they ever did or anybody can do, anywhere, at any time, under any circumstances. Prayer is not saying words; it is asking and expecting that the Master will come and change things, and that He will begin in you" (Dr. S. D. Gordon).

#### Lumber In Northern Alberta

An estimate of 19,000,000 feet B.M., has been made of the lumber cut during 1926 by five companies located on the Edmonton, Dunvegan and British Columbia Railway. There are a number of smaller operators who have failed to send in reports of their estimated cuts for the present season, but the total cut of the territory served by this line is expected to run well over the 20,000,000 feet mark.

A word to the wise may be sufficient, but the policeman frequently has to use a club on the otherwise.

**Must Hold Command Of Seas**  
Great Britain Has to Protect Trade in Order to Feed Her Population  
It is still necessary for Great Britain to hold command of the seas in order to feed her population, W. C. Bridgeman, first lord of the admiralty, declared in addressing the members of the Constitutional Club at London.  
The decisions of the Washington conference in regard to the dimensions of the world's principal navies have been faithfully observed by England and the other countries involved, he said, but England is not in exactly the same position as other countries. She is no longer an island power, Mr. Bridgeman continued, and she must protect her enormous expanse of empire trade on which she depends for her very existence.

## How He Discovered Best Constipation Relief

Mr. Joseph F. Glus of Brooklyn, N. Y., writes "In the past 20 years I have been constantly troubled with constipation. Every remedy I tried would work O.K. for a while—but soon failed. The only remedy I have been able to use steadily with good results have been Carter's Little Liver Pills. I don't guess when I take them—I know I'm going to feel relieved." 25c at all druggists.

Shake, old man. We're in the same boat, an' I'm glad to meet you!"

### CHAPTER XXVIII.

Jim Carvel held out his hand, and the snarl that was in Barea's throat died away. The man rose to his feet. He stood there, looking in the direction taken by Bush McTaggart, and chuckled in a curious, exultant sort of way. There was friendliness even in that chuckle. There was friendliness in his eyes and in the shine of his teeth as he looked again at Barea. About him there was something that seemed to make the gray day brighter, that seemed to warm the chill air—a strange something that radiated cheer and hope and comradeship just as a hot stove sends out the glow of heat. Barea felt it. For the first time since the two men had come, his trap-torn body lost its tenseness; his back sagged; his teeth clicked as he shivered in his agony. To this man he betrayed his weakness. In his bloodshot eyes there was a hungering look as he watched Carvel—the self-confessed outlaw. And Jim Carvel again held out his hand—much nearer this time.

"You poor devil," he said, the smile going out of his face. "You poor devil!"

The words were like a caress to Barea—the first he had known since the loss of Nepeese and Pierrot. He dropped his head until his jaw lay flat in the snow. Carvel could see the blood dripping slowly from it.

"You poor devil!" he repeated.

There was no fear in the way he put forth his hand. It was the confidence of a great sincerity and a great compassion. It touched Barea's head and patted it in a brotherly fashion, and then—slowly and with a bit more caution—it went to the trap fastened to Barea's forepaw. In his half-crazed brain Barea was fighting to understand things, and the truth came finally when he felt the steel jaws of the trap open and he drew forth his maimed foot. He did then what he had done to no other creature but Nepeese. Just once his hot tongue shot out and licked Carvel's hand. The man laughed. With his powerful hands he opened the other traps, and Barea was free.

For a few moments he lay without moving, his eyes fixed on the man. Carvel had seated himself on the snow-

covered end of a birch log and was filling his pipe. Barea watched him light it; he noted with new interest the first purplish cloud of smoke that left Carvel's mouth. The man was not more than the length of two trap-chains away—and he grinned at Barea.

"Screw up your nerve, old chap," he encouraged. "No bones broke. Just a little stiff. Mebbe we'd better—get out."

He turned his face in the direction of Lac Bain. The suspicion was in his mind that McTaggart might turn back. Perhaps that same suspicion was impressed upon Barea, for when Carvel looked at him again he was on his feet, staggering a bit as he gained his equilibrium. In another moment the outlaw had swung the pack-sack from his shoulders and was opening it. He thrust in his hand and drew out a chunk of raw red meat.

"Killed it this morning," he explained to Barea. "Yearling bull, tender as partridge—and that's as fine a sweetbread as ever came out from under a backbone. Try it!"

He tossed the flesh to Barea. There was no equivocation in the manner of its acceptance. Barea was famished—and the meat was flung to him by a friend. He buried his teeth in it. His jaws crunched it. New fire leaped into his blood as he feasted, but not for an instant did his reddened eyes leave the other's face. Carvel replaced his pack. He rose to his feet, took up his rifle, slipped on his snowshoes, and fronted the north. "Come on, Boy," he said. "We've got to travel."

It was a matter-of-fact invitation, as though the two had been travelling companions for a long time. It was, perhaps, not only an invitation but partly a command. It puzzled Barea. For a full half-minute he stood motionless in his tracks gazing at Carvel as he strode into the north. A sudden convulsive twitching shot through Barea; he swung his head toward Lac Bain; and a whine that was scarcely more than a breath came out of his throat. The man was just about to disappear into the thick spruce. He paused, and looked back.

"Coming, Boy?"  
(To be continued)

**The Many-Purpose Oil.**—Both in the house and stable there are scores of uses for Dr. Thomas' Electric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as afflict mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

## Little Helps For This Week

The Lord grant joy that ye may find rest.—Ruth, 1, 9.

Not in the changing sky.  
The stormy sea,  
Yet somewhere in God's wide world  
Rest there must be  
Within the Savior's heart  
Place all thy care,  
And learn, O weary soul,  
Thy rest is there.

—Adelaide Ann Procter.  
There is a power in this rest in God of which the men who are rushing along the broad and dusty highway can form no conception. The meadows on which the soul refreshes itself are ever green.—Tholuck.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.  
**Recognized**  
He: "Awfully jolly concert wasn't it? Awfully jolly thing by that fellow—what's his name? Something like Doornob?"  
She: "Doornob! whom do you mean? I only know of Beethoven, Mozart, Wagner, Handel—"  
He: "That's it! Handel, I knew it was something you caught hold of!"

Minard's Liniment relieves headache  
First Bum.—"Mighty fine coffee they give you at this mission."  
Second Bum.—"Yes; but it keeps me awake during the sermon."

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

Young Sniffles.—"Auntie, they made me draft clerk at the bank today."

Auntie.—"Oh, that's nice—what do you do? Open and shut the door?"

## For Sore Throat

Invites World to Congress  
Canada has officially invited the British dominions and colonies and all foreign powers to attend the world's poultry congress, which will be held July 27 to August 4, 1927.

**KEEP LITTLE ONES WELL IN WINTER**  
By Regulating the Stomach and Bowels With Baby's Own Tablets  
Winter is a dangerous season for the little ones. The days are changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or gripple. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and through their use the baby will be able to get over the winter season in perfect safety.

In using Baby's Own Tablets the mother has an absolute guarantee that she is giving her precious little ones something that is absolutely safe and something that cannot possibly do harm to even the newborn babe as the Tablets contain not one particle of opiates or other dangerous drug. They are sold by medicine dealers or at 25 cents a box, by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

**RED PIMPLES ALL OVER FACE**  
Also on Shoulders. Lost a Lot of Sleep. Cuticura Healed.  
"Pimples started breaking out all over my face and shoulders. They were hard and red and I lost a lot of sleep on account of the irritation. The pimples on my face scaled over and my face was all disfigured."  
"I used a lot of different remedies without success. I began using Cuticura Soap and Ointment and they afforded relief in about one month. I continued the treatment and in about three months I was completely healed." (Signed) Miss Marie Rose Peters, Box 32, Tourville, L'Islet Co., Que.

Keep your skin clear and your pores active by daily use of Cuticura Soap. Heat irritations and rashes with Cuticura Ointment.  
Sample Book Free by Mail. Address: Canadian Depot: "The Canadian Ltd., Montreal." Price, 50c. No. Ointment 25c and No. Soap 25c. Cuticura Shaving Stick 25c.

**THIS MOTHER GLAD DAUGHTER IS WELL**  
Mrs. Parks Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health

Toronto, Ontario.—"My daughter is 16 now and has been an invalid ever since she was six months old and has been compelled to remain out of school the greater part of the time. We have tried different kinds of medicine, but none helped her much. I had taken Lydia E. Pinkham's Vegetable Compound when I was run-down, and it had helped me so much that I thought it might help her at this time. She has gained ever since she began taking it. She attends school every day now and goes skating, and does other out-of-door sports. I recommend this medicine to any one who is run-down and nervous and weak."—Mrs. PARKS, 106 Bond Street, Toronto, Ontario.  
Lydia E. Pinkham's Vegetable Compound is a dependable medicine for young women's troubles.  
For sale by druggists everywhere. C

Saturday, Feb. 27th

CHAPTER 4 "INTO THE NEI"

Wednesday, March 3rd  
"THE PRINCE OF WALES"  
OFFICIAL TOUR

### The Didsbury Pioneer

Member of the Canadian Weekly Newspapers' Association.

W. P. Cotton, Editor & Prop.

Subscription: \$2.00 per year  
U.S. Points: \$2.50 per year

A beauty parlor has been opened in connection with the barber shop at the Rosebud Hotel with an experienced lady marceller in charge.—Advt.

A whist drive and dance will be given by the Rebekahs on Thursday, March 4th, at eight p.m. Admission 50c. Everybody come for a jolly time.

Piano tuning—Mr. Gavin Spence is due in Didsbury to-day (Thursday), 25th inst., with W. H. Norton. Mr. Spence has given high-grade service in Didsbury for fifteen years. Don't hope for the best. Get it.

There will be a masquerade dance held in Springside school on Friday, March 5th. Prizes will be given for the best dressed lady and gentleman present. Macdonald orchestra. Ladies are requested to bring cake. Masks can be had at Chambers' drug store.—Advt.

### EVANGELICAL NOTES.

#### Church Services

##### Sunday

10.30 a.m.—Morning worship.  
11.30 a.m.—Bible School.  
7.30 p.m.—Evening Worship.  
8.30 p.m.—Senior League of Christian Endeavour

##### Thursday

7.15 p.m.—Junior League of Christian Endeavour. Study of Catechism, etc.  
8.00 p.m.—Praise and Prayer Service.  
H. E. Roppel, pastor

Now is the time to knock the "T" out of that awful word "Can't". Hit it hard and make it "I Can" and I will be a genuine Bible Christian henceforth.

In last week's issue we announced the likelihood of closing our Evangelistic meetings on Sunday, last, but the increasing interest and public demand for continuance as revealed in a congregational vote last Sunday resulted in a decision so to do indefinitely until further notice. Thus this is the fourth week of these special meetings. Up to the time of this writing (Tuesday) twenty souls have bowed at the altar for pardon and publically confessed their desire a new life to begin. The Christians too, are being much revived and quickened in the Spiritual life. The average attendance so far has been up around the hundred mark and a number have an unbroken record of nearly four weeks attendance without a miss.

Notes and comments on Evangelism from other pens:—"Things begun in prayer, end in power." "The way to do a great deal for Christ is to keep right on doing a little." "Whenever you get tripped up, fall forwards, not backwards, and get right up farther ahead." "A pessimist is an individual who blows out the light to see how dark it is." "Opportunity seldom or never knocks at the door of a knocker." "The golden age will never come until the people live the golden rule." "In religion as in business our dollars and SENSE should go together." Personality minus purpose equals zero."

### Westcott.

Clippings from the "Westcott Observer."

Mr. Pat Worthington has left this district for green pastures.

Mrs. C. Snyder is visiting at the home of Mr. F. Snyder.

C. C. Rinehart is spending the week in Nanton. Emil Snyder is doing his chores for the week.

It is reported that Miss Greta Moir has left the district, she will be greatly missed by everyone.

The young people of Westcott district visited the Didsbury skating rink on Saturday night and reported a fair time.

The Westcott Musical and Literary Club held a very successful box social on Friday evening, last. The proceeds, which amounted to \$30, are to be used in defraying the expenses of the club. The supporters of the negative won in the debate on Power Farming vs. Horse Farming.

The next meeting will be Friday March 5th. The debate is between the pupils of Westcott and Clovermount schools. The topic is "Home Work." Other items of interest are on the program. Everybody welcome.

Miss Gwyn Burt spent Sunday, last, with Mrs. C. C. Rinehart.

We are wondering what made Alex Robertson forget the box social last Friday evening.

Olaf Sande says the roads were in very bad condition towards town on Saturday night. Did anyone else notice it?

The Tuggle home is again released from quarantine.

Miss Edith Murphy is still under the weather as a result of the scarlet fever.

A number of the young folks of Westcott and Didsbury districts attended the masquerade at Jackson on Friday night and managed to cop off the prize. An enjoyable evening was reported.

Bob Shucar, who is visiting with Mr. I. Levagood, underwent a minor operation for his tonsils this week.

Miss Ifert is visiting with her nephew Mr. I. Scott at present.

## Start the Children Right

In this column last week some emphasis was laid on the importance and value of developing habits of thrift, and in the concluding paragraphs parents were urged to encourage their children to start a savings account early in life, and even to provide the nucleus of such an account before the child was old enough to think and act for itself.

The writer's attention has since then been drawn to a report on The Penny Bank of Ontario, a system created for the purpose of encouraging thrift on the part of school children in that Province, and thereby teaching in a concrete way the wisdom and great value of thrift and the habit of saving. The subject is surely important enough to warrant a further reference.

It is the aim of The Penny Bank of Ontario to provide for every child at school an opportunity on a stated day of each week to put small coins in a safe place and to prove to him or her how quickly a series of small amounts builds into a comfortable balance. From the report, to which reference has been made, it is learned that Penny Bank accounts in the public schools of Toronto now number 45,253, while the average school attendance is about 58,000. In other words, 75 per cent. of the children are taking advantage of the service offered.

Some rather interesting facts are disclosed through this Penny Bank scheme, and two questions asked, based on the weekly reports, are: "Are the children of well-to-do parents gaining a just notion of the value of money?" "Is there a tendency among them to regard coppers, nickels and ten-cent pieces as mere chicken-feed, as contemptible coins, as unworthy fractions of that noble unit, the Dollar?"

Analyzing the deposits made in Toronto schools in a given week, it was found that in the poorer districts the services of the Penny Bank are accepted and appreciated to a far greater extent than in the more well-to-do districts. In one school in the heart of the poorest district, 45 per cent. of the children present on October 27 last made deposits. On that same day in one school in one of the richest districts only 13 per cent. of the pupils were depositors, while at another school in a rich district the figure was 11 per cent. Throughout the eighty-eight public schools in Toronto the average of depositors on October 27 was 27 per cent. of the pupils present.

It may be true, and probably is, that many of the children in the better residential districts have savings accounts in the chartered banks. If so, the boy or girl is not likely to make a journey to the bank to deposit 25 or even 50 cents. He or she is more likely to wait until a dollar or more is accumulated, and meanwhile the small coins gradually fritter away.

As a writer in a Toronto paper points out, in commenting on this Penny Bank scheme, the training thus afforded is just as valuable for the child of a prosperous home as for the boys or girls of the poorest district. It may be even more valuable, since the son or daughter of the rich man is likely some time to have the handling of large sums of money. They cannot manage them efficiently unless they know the exact value of a nickel, unless they have learned the importance of small sums. It is the untrained children of the rich who blossom into wasters.

Thrift is a habit, a character-forming habit. The boy or girl who deposits five cents every week without exception gets more benefit than another who deposits a dollar at infrequent and irregular intervals. In the business of life, pay-day comes once a week, or once a month. The man or woman who banks a stated amount, large or small, on each pay-day is on the road to success, and the boy or girl who makes this a habit early in life is almost certain to succeed.

Here in the West, the same principle is being applied in some schools by many individual families. The boys or girls are given a pig, a calf, a setting of eggs, for their very own on the understanding that they look after them, and the increase and profits are theirs. In this way, the boys and girls not only develop a greater love for animals and learn invaluable lessons as to their proper care and feeding, but their interest in the farm home and agricultural pursuits generally is maintained and intensified. And if the profits from the handling of their own poultry or livestock are carefully placed in a savings account, or are used to add to their holdings, it will not be many years before these boys and girls accumulate a respectable bank account, which will prove a further incentive to careful management, and a training through actual experience which will prove of undoubted value to them throughout life.

### Saskatchewan Livestock Officers

C. H. Learmouth, of Regina, was elected president of the Saskatchewan livestock board at the board's meeting at Saskatoon. James Brown, of Neudorf, was elected vice-president. J. G. Robertson re-elected secretary-treasurer. Robert Slinton, Regina, was also re-elected. Swanton Hagarty, of Belle Plaine, and James Brown being named directors-at-large.

### King Dislikes Shingled Hair

They say that the most conservative thing in the world is Britain's royal court. Queen Victoria would never suffer innovations in dress, and that was one of her reasons for appreciating Queen Alexandra, who, in her extreme taste, never allowed herself to be swayed by fashion. In the same way, King George never tolerates shingled hair among the ladies around his wife.

## Children Cry for

**Fletcher's  
CASTORIA**

MOTHER:—Fletcher's

Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. H. Fletcher*. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

## In Accordance With Old Danish Tradition

Coffin of Queen Alexandra Still Exposed to View

That the coffin containing the remains of Queen Alexandra, is lying uninterred and exposed to view before the altar in the Albert Memorial Chapel at Windsor is strictly in accordance with Danish tradition, has, apparently, passed without comment in the newspapers. In the case of Queen Alexandra, its position was not pre-arranged, and is only of a temporary character; but in Roskilde Cathedral, the Westminster Abbey of Denmark, where almost all the Danish sovereigns, from Harold I., who died in 982 A.D., to King Frederick VII., who died in 1912, are buried, only the later kings reclined in side chapels, quite uncovered and open to inspection by visitors.

## KEEPING HEALTHY DURING WINTER

Colds, Influenza and Like Troubles Can Be Avoided

Have you noticed that some people enjoy good health through the most trying weather, while others succumb to colds or influenza at every touch of wintry conditions, or are attacked by rheumatism or sciatica? The reason is to be found in the condition of the blood. If it is rich and pure the system is able to resist disease. But let the blood become impoverished and the way is made clear for disease to enter the system.

The common sense way to avoid colds and influenza is to keep a plentiful supply of rich, red blood in your veins. Dr. Williams' Pink Pills have achieved world-wide fame for their remarkable blood-enriching powers. The new blood which comes from the use of Dr. Williams' Pink Pills tones up the whole system and so helps the body to resist winter ills.

If the system has already been weakened by colds, influenza or other winter ailments, then Dr. Williams' Pink Pills are the safest medicine for rebuilding the blood and strengthening the body. An example of the value of these pills is given by Mrs. R. O. Stromberg, Cobalt, Ont., who says:—"I had a very severe attack of grippe, or influenza, which confined me to my bed for a week. On getting up again I did not recover my usual strength. I was very weak, had a severe pain in my head, and a constant backache. I had to get a woman to do my work for me as I had neither the strength nor the energy to do anything. At this stage, remembering the great benefit I had through Dr. Williams' Pink Pills in girlhood, I began taking this medicine, and soon my strength began to return. I am now able to do all my own work again, and take care of my baby boy. I am very grateful for what the pills have done for me, and hope my experience will be of benefit to some other sufferer."

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills today. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

### North Pole Flight

Aviators to Carry Provisions to Last a Year

Prospects of a year's walk back to civilization should his Fokker aeroplane "go dead" while on its flight across the North Pole, are not worrying Carl Ben Eielson, University of North Dakota graduate, who is to pilot the plane on the proposed Wilkins expedition flight.

"We will be in the air about 23 hours before we reach Spitzbergen, according to our computations, but we will carry enough concentrated foods to last us a year should we have to walk back from somewhere in that unexplored land," Eielson said as he left for Point Barrow, Alaska, to join the expedition.

The principal object of the expedition is to ascertain whether or not there is undiscovered land north of Point Barrow, "America's farthest north."

"When the hop-off comes from Point Barrow north," Eielson said, "the captain, George Wilkins, of the expedition, has left orders that in case we do not show up no relief expedition is to be sent out for at least two years."

Minard's Liniment for frost-bites

England Thriftiest Town

Plymouth claims to be the thriftiest town in England. Its people have purchased 1,675,000 savings certificates in four years, an average of two per head per year, as compared with one and a half for the rest of the country.

W. N. U. 1616

## Will Unveil Effigy Of King Edward

Public Will See Figure of Queen Alexandra at Same Time

When the recumbent effigy of King Edward in St. George's Chapel, Windsor, is formally unveiled, the effigy of his Queen will be revealed to the public at the same time.

The figure of King Edward has been covered up with a flag for several years. The slab for the companion figure of Queen Alexandra adjoins it. "It is impossible to say when the unveiling will take place," the sculptor, Sir Bertram Mackennel, said, when interviewed. "For five years repairs have been in progress to the roof of St. George's Chapel, and until the renovations are complete it will be impossible to unveil the figures for fear of injury."

Few people knew that at the time that Sir Bertram executed his figure of King Edward for St. George's Chapel he designed a similar figure of the Queen under the personal supervision of Queen Alexandra herself. It shows her in her coronation robes.

**Freedom from Asthma.** Asthma is one of the most distressing troubles, sudden in its attack and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Two of the greatest inventions of modern times, the telephone and typewriter, made their first appearance at the centennial exposition in Philadelphia in 1876.

**A Remedy for Earache.**—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

"What college does your boy attend?"

"Well, his towels are marked Pullman, Sante Fe and Ritz, so I really don't know."

## Says It Is Hereditary

Convinced By Experiment Cancer Is Not a Germ Disease

After experimenting 16 years with more than 50,000 mice, Miss Maude Slye, associate professor at the University of Chicago, is convinced that cancer is not a germ disease, but is hereditary, and that resistance as well as susceptibility to the disease may be inherited.

Her experiments indicate that avoiding chronic irritation of susceptible tissues will do much toward avoiding cancer.

**DON'T COUGH!**  
Take a few drops of Minard's in syrup or molasses. Gives quick relief.

### Judicial Robes Costly

The magnificent robes of black satin damask, heavily embroidered with gold thread, which legal etiquette compels the higher judicial officials in England to wear on state occasions, now cost nearly \$2,000 apiece.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

### Heat Rays to Destroy Planes

Prof. A. N. Boyka, of the Russian magnetic observatory, announces the invention of an apparatus which, by means of the reflection of powerful rays of heat, will destroy aeroplanes, or dirigibles, while they are in flight. His appliance, he says, will project concentrated heat waves a distance of 25 miles, losing only one-third of their previous strength.

FOR  
**Neuralgia**

**ASPIRIN**

Proved safe by millions and prescribed by physicians for

Neuralgia Colds Neuritis Lumbago  
Headache Pain Toothache Rheumatism

**DOES NOT AFFECT THE HEART**

**Safe**

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic acid ester of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## MOVEMENT OF WESTERN GRAIN REPORTED SLOW

Fort William.—Following is the report of E. A. Ursell, statistician to the board of grain commissioners on the movement of western grain crops for January, 1926.

"Owing to the comparatively small quantities of wheat being imported by European countries from North America, the disposal of the Canadian surplus has been taking place during the past few weeks at a rate very much below what was expected.

"From a statistical standpoint authorities are agreed that available supplies of wheat in exporting countries only exceed the estimated normal requirements of importing countries by a small margin. Economic conditions in European countries, however, indicate home-grown supplies will be utilized to the fullest extent so that imports will be cut down to absolute necessity only. Rye is also being used more extensively as bread grain. Another factor which exerts a market influence against the importing of wheat is the fact that the price at which native supplies are available to mills in some countries is far below that which would have to be paid for imported grain.

"Until conditions change it is hardly to be expected that Canada's surplus can be disposed of very rapidly. In the meantime, by the end of January, upward of 36,000,000 bushels of wheat still remained in store at lower lake and Atlantic seaboard ports, Fort William and Port Arthur elevators were full and interior public elevators rapidly filling. Vancouver, with ample ocean tonnage available, is handling almost forty per cent. of the total North American wheat exported at present and is only prevented by lack of demand from shipping far more. Oriental purchases accounted for a large proportion of Vancouver shipments until the last few weeks, when shipments to Europe increased substantially. From present indications the volume handled through Vancouver this season will exceed all previous records.

"The volume of movement to terminal points in the western grain inspection division, although far below December, is much in excess of a year ago. During the month, 20,938 cars of all grain passed inspection, as compared to 56,716 in December and 12,090 a year ago. The proportion of grain grading 'no grade,' tough or damp, still continues in excess of 50 per cent. to the total."

## Hopes Membership Will Be Retained

Government Anxious to Avoid Break With Pacific Cable Board

Ottawa.—Negotiations are still pending between Hon. Charles Murphy, postmaster-general, and the other members of the Pacific cable board. It was learned here, it is understood that it is the hope of the government to retain Canada's membership on the board. Hon. Ernest Lapointe, leader of the government, has said that he has "every hope that they will come to an understanding."

It is expected that there will be developments in the case before very long. Mr. Lapointe promised in the house a few days ago that he would communicate the wish of Sir George Perley to the postmaster-general that nothing be done until the commons has had an opportunity to understand and discuss the entire question.

The total contribution of the Canadian Government from 1903 to 1916 on account amounted to \$964,252. During the past two years there has been no contribution by the Canadian Government because the operation of the board showed a surplus.

It is probable that the matter will be discussed in the House of Commons and the details of the difficulties between the government and the cable board will be made known.

### "Red" Officials Jailed

Leningrad.—Twenty-nine officials of the state trust for massed production of merchandise were convicted of embezzlement of government funds and other offences. They received sentences of imprisonment ranging from one year to ten years.

W. N. U. 1616

## Wheat Pool Offer

Saskatchewan Wheat Pool to Submit Offer to Elevator Company

Regina.—The Saskatchewan Co-operative Wheat Producers, Ltd., and the Saskatchewan Co-operative Elevator Co., Ltd., have jointly issued the following statement for the benefit of the shareholders of both organizations:

"Following a series of conferences between the directors of the Saskatchewan Co-operative Elevator Company, Ltd., and the Saskatchewan Wheat Pool covering the last few weeks, at which details of a proposal to purchase the elevator company's elevator system were discussed by the two bodies, the pool board have completed an offer to be submitted to the elevator company.

"Before the offer is finally submitted to the elevator company, it is the intention of the pool board to submit same to a special meeting of pool delegates for their consideration and ratification. This meeting has been called to be held in Regina on Wednesday, February 17, at 10 a.m.

"Every effort has been made to advance the negotiations sufficiently to enable the 'Co-op' special meeting to be held within the limit of time stated in the resolution passed at the annual meeting. This has been found to be impossible, but notices calling a special meeting of the 'Co-op' delegates, together with information concerning the matters involved, will be sent out immediately the terms of the pool offer have been definitely submitted to the 'Co-op.' Recent amendments to the 'Co-op' Act of Incorporation require that 30 days' notice of any special meeting be given to the shareholders."

## Jap Teachers Will Be Closely Watched

Must Conform to Canadian Rules Says B.C. Minister of Education

Victoria.—Movement of four female Japanese school teachers, who arrived in British Columbia recently, will be closely watched by the department of education, Hon. J. D. MacLean, minister of education, announced. He added that he knew nothing about the teachers' plans except what he had seen in the newspaper reports, which said they were going to Ocean Falls and Mission City to teach Japanese public school pupils after regular school hours.

"We cannot prevent the Japanese from establishing schools of their own," Dr. MacLean explained. "If such schools are established, however, they have to live up to certain standards of education which will make good Canadian citizens out of their pupils. Such standards, of course, would be enforced in any schools established by the Japanese. Any teachers who wish to teach in the public schools must have certificates and we would not grant these certificates to Japanese women. We cannot stop them teaching in private schools, however."

## Complete Long Flight

Aviators Fly From Spain to Argentina In 63 Hours Flying Time

Buenos Aires.—Commander Ramon Franco and his comrades on the Spain-to-Argentina air flight swept over Buenos Aires, completing their trans-Atlantic flight from Palos, Spain, a distance of 6,232 miles, in 62 hours, 52 minutes, flying time.

The Spanish aviators made the short journey from Montevideo to the Argentine capital in 1 hour and 20 minutes. They received a welcome such as this city has seldom accorded. Thousands upon thousands of residents lined the waterfront, while other thousands from roof tops watched the great seaplane soaring in.

Washington's Home Brought To U.S.

Norfolk, Va.—The ancestral home of George Washington, that has stood for more than 300 years in England, has arrived here packed in crates and so marked that it can be reconstructed at the birthplace of the first president of the United States.

### Change Fair Date

Toronto.—A resolution recommending that the 1927 provincial fair at Guelph be held in March instead of November as the custom for some years, was passed by the Ontario Swine Breeders' Association here.

## REGRETS ATTACK ON CANADA IN BRITISH PAPERS

Ottawa.—W. G. McQuarrie (Conservative, New Westminster), drew the attention of the government in the house to a cabled report of a speech by Lieut.-Governor Bruce, of British Columbia, in London, deprecating attacks on Canada and Canadian conditions in British papers. Mr. McQuarrie asked if the government intended to do anything regarding these reports.

Hon. Charles Stewart, acting minister of immigration, said that whatever reports appeared in the British press about Canada could not be much more damaging than some of the speeches in the Canadian House of Commons. It was doubtful if the Canadian Government would be wise to take any action in the matter of what the British press cared to publish.

## Not Willing To Submit Question to the League

Premier Mussolini, of Italy, is Still in Defiant Mood

Rome.—Italy refuses to accept any proposal to submit to the League of Nations the question of the treatment of the German-speaking population in the Upper Adige. Thus Premier Mussolini declared in the senate in his answer to Dr. Gustav Stresemann, the German foreign minister, who in the Reichstag set forth Germany's side of the controversy with Italy over the former Austrian territory, which Italy now holds by virtue of the treaty of St. Germain.

The Italian premier's address was calm and restrained, in sharp contrast to his first speech on the same subject, covering point by point the utterances of the German foreign minister.

## B.C. Lumber Exports Heavier Last Year

Broke All Previous Records For Overseas Shipments

Victoria.—Making its way to the four corners of the globe, British Columbia lumber broke all previous records for overseas shipments last year, according to figures compiled by officials of the provincial forestry service.

Total water-borne shipments of lumber from the province last year amounted to 577,560,288 feet compared to the former record of 531,262,318 feet established in 1921.

Farmers Commence Spring Work

Calgary.—Farmers are beginning spring work in the vicinity of Calgary. Farmers near Calgary Junction have begun to harrow their summerfallow.

## FURNISHING THE HALLS OF MEMORY

Miss Catherine Irvan, of San Francisco, is the happy young lady shown here with Commander H. Sibbons, of the Canadian Pacific liner "Montroyal," and her mother, Mrs. Harlet Irvan. Miss Irvan sailed recently for the West Indies from New York, having won the trip with an essay on "Why I Want to Travel," in the San Francisco Chronicle's Cruise Contest.

One of the reasons Miss Irvan gave in her essay was that she wanted to travel for memory's sake. "When the inevitable flight of years narrows my horizon," said the young lady, "and restricts my intercourse with the world; when friends and family scatter and I am thrown on my inner resources, I want the halls of my memory to be so richly tapestried with priceless pictures of charm and beauty that I shall always be good company for myself and may grow old gracefully."

"Then, when I have sailed the Seven Seas, realizing always that one can get out of travel only what one puts in it, I shall turn happy feet homeward and seek my own fireside—content."

## Transfers Activities To B.C.

Large English Mining Company Searching Mainly For Arsenic

Vancouver.—One of Cornwall's largest mining companies is transferring its activities to British Columbia in search of arsenic, lead and zinc ores, it was learned at the British Columbia chamber of mines.

Not only will it buy and operate properties, but it will bring experienced Cornish miners to the province to introduce a system of mining by which shafts and tunnels are bored, not blasted, announced E. J. Blair, advance agent of the Devon Consolidated Mining Company.

"We have been influenced to come to British Columbia, principally because our arsenic ores in Britain are worked out," Mr. Blair said. "While we are looking for arsenic propositions, we are equally attracted by lead and zinc mining possibilities."

## Interest In Emigration Revived

Steamships Report Long List of Applicants For Passage to Canada

London.—Revival of interest in emigration to Canada following the inauguration of the £3 rate of passage recently agreed upon between the British and Canadian Governments is especially marked at Liverpool, Manchester, Glasgow, Southampton, Cardiff and Belfast, Canadian Pacific steamship services, who say that at these places there are long lists of applicants for steamship passage to Canada.

A marked feature of the new emigration scheme is the higher standard of the prospective migrants compared with the standard of would-be settlers in former days.

## Discovery Of New Ray

Fills Important Gap In Wave Lengths Says Professor

London.—The discovery of a new type of ray supposed to lie between the ultra violet and X-rays, is announced by C. E. Wynn Williams, of the University of North Wales, at Bangor.

It is said the new rays penetrate the air for several inches, but are stopped by all solids, even by gold leaf, while X-rays can penetrate a half-inch of lead, and the recently discovered Millikan rays pass through six feet of lead.

There are two important gaps in the long scale of wave lengths, and the new ray, according to Professor Williams, fills one of them, namely, that between the X-ray and the violet.

### Fined For Not Voting

Sydney, Australia.—Two men were fined ten shilling and ordered to pay 43 shillings cost in the first prosecutions under the federal compulsory voting law.

## GOOD ROADS TO GREATLY BENEFIT PRAIRIE WEST

Victoria.—Hon. Sam Hill, United States millionaire leader of the international Good Roads Movement, announced on his arrival here from Seattle, that on Dominion Day, July 1, he will start on the first all-Canadian automobile trip from Vancouver to Winnipeg. This will be made possible by the completion within the next few months of the trans-Pacific highway which is now under construction by the British Columbia Government.

"The biggest thing at present in this country is Canadian highways, both for itself and what it symbolizes in opening up the country," Mr. Hill said. "With all sections of the country linked up through the completion of these last connecting links in the national chain, you won't be able to keep people out. For spreading population through the country, one main highway is worth more than two railroads, as regards the actual number of persons that are brought in as visitors or settlers."

## Wheat Exports Via U. S. Ports Increased

Canada's Shipments to United Kingdom Totalled 107,149,079 Bushels

Ottawa.—A total of 107,149,079 bushels of Canadian wheat was exported to the United Kingdom via United States ports during the six months ended January 31 last. The exports of Canadian wheat to the United Kingdom via Canadian ports during the same period totalled 28,918,158 bushels. The value of the wheat exported by the United States ports was \$147,991,794. The value of that exported via Canadian ports was \$43,818,440.

During the corresponding period a year ago, exports of Canadian wheat via the United States totalled 50,710,808 bushels with a valuation of \$75,561,060. That exported via Canadian ports was 24,857,001 bushels, valued at \$33,192,560.

## Britain's Farm Policy

Additional Grant For Agricultural Education and Research

London.—Minister of Agriculture Guinness has made public further particulars regarding the British Government's agricultural policy. The most important item of the programme as announced is an additional grant of \$2,500,000 for agricultural education and research during the coming five years, of which amount it is proposed to spend about \$250,000 on foot and mouth disease research and \$600,000 on veterinary education and research.

A new bureau is to be established by the ministry of agriculture to deal with marketing and co-operation. A marketing commissioner and assistants will be appointed. It is also proposed to establish new farm institutes for research work.

## Mexico Wants Juvenile Courts

President Has Been Petitioned to Issue a Decree

Mexico City.—Juvenile courts for Mexico are urged by the Society for the Prosecution of Children of this country.

The society has petitioned President Calles to issue a decree under the "extraordinary authority" given him by congress, for immediate creation of these courts. If the president thinks he has not the authority the society will submit a bill to the next session of congress.

### Alberta Fairs

Edmonton.—At the final session of the annual convention of the Alberta Fairs' convention here, V. E. Forster, of Camrose, was elected president and Hugh Macintosh, of MacLeod, vice-president. Directors selected from the north were G. R. Stewart, of Lamont, while those from the southern districts will be R. Cates, of Oyen, and John Wilson, of Innisfail.

### Rumor Is Denied

London.—With reference to a rumor that Lord Londonderry would be the next governor-general of Canada, in succession to Lord Byng, the Canadian Press is authoritatively informed that the rumor is groundless.

## AROUND THE TOWN

Wanted— Quart bottles, must be clean—W. G. Leisemer.

W. A. Austin returned from the coast on Saturday, last.

Wes. Hardy returned on Tuesday from a visit to Vancouver.

Fisher & Edwards expect one of the new style Rumely tractors here next week.

Rev. W. H. Muncaster, of Calgary, will take the pulpit at the United Church next Sunday evening.

Mr. and Mrs. A. G. Studer left last week for Minneapolis where they will assist in celebrating Mr. Studer's mother's eighty-fifth birthday.

F. Ahlgrim, J. W. Brown, W. McCulloch, B. Sinclair, E. Webster and D. Edwards are attending the Runfely tractor school at Calgary this week.

Six cars of cattle left the Didsbury stockyards last Tuesday. Three of these were shipped to Vancouver by Hendrick and Good, and the remainder were shipped by Fred Moyle to Westminister.

John Patterson, living six miles north of town, had his house and contents destroyed by fire on Saturday night last. It is understood the hired man banked up the fire in the heater and left to pay a visit to Olds, the fire taking place in his absence.

Divine service will be held at St. Cyprian's Church on Sunday afternoon, next, at three o'clock. Rev. H. Clay will officiate, the subject for his address being the "Cross of Jesus." During Lent a service for ladies will be held in the church on Wednesday afternoon of each week commencing at three o'clock to which all ladies are invited.

### RUGBY ITEMS

The regular monthly meeting of the Rugby Women's Institute was held at the home of Mrs. W. F. Brown on Thursday, February 11, 1926. The attendance was small owing to the recent snowfall which spoiled the roads somewhat for lady drivers.

Canadianization and National Events was the subject for the afternoon. Many beneficial remarks were ably read by Mrs. D. Walton from convention reports. Then a question drawer was carried on in connection with the above topic which created much interest, as well as lengthy discussions. Mrs. R. A. Macfarlane sang a solo and Mrs. J. A. Hughes recited a Canadian poem. The meeting closed by singing "Canada, Stand Fast," and lunch was served by the hostess.

The next meeting of this institute will be held at Mrs. Walker Swingle's on March 4th, 1926. All members are specially requested to be present.

We are very pleased to welcome Mr. and Mrs. E. B. Parker home again.

### LUTHERAN LENTEN SERVICES
